How?

Step 1

TrueShred delivers your FREE, locked container(s).

Step 2

Insert your sensitive papers into your locked TrueShred container.

Step 3

Our uniformed, bonded professional collects the paper from your container.

Step 4

Your sensitive material is transported to our state-of-the-art shredding truck.

Step 5

Our truck shreds everything on site.

Step 6

All paper is recycled. Each ton of recycled paper fiber saves 17 trees.

Why?

As your secure shredding partner, TrueShred ensures that your business:

- Saves dollars by outsourcing this tedious task.
- Avoids the loss of proprietary information.
- Fights Identity Theft.
- Avoids embarrassing fines or litigation.
- Adheres to the following Federal Laws:

FACTA (Fair and Accurate Credit Transaction Act) Federal Law which requires the destruction of all consumer information before it is discarded. FACTA applies to most businesses and in particular: Lenders, Insurers, Employers, Landlords, Mortgage Brokers, Government Agencies and Automobile Dealers.

HIPAA (Health Insurance Portability and Accountability Act) Federal Law which requires the destruction of discarded patient information. HIPAA applies to all "covered entities" such as Hospitals, Medical Centers, Insurance Companies, Doctors, Dentists, Chiropractors, Psychiatrists, Psychologists, Counselors, Urgent Care Centers, Billing Centers, Physical Therapists and Collection Agencies.

GLBA (Gramm/Leach/Bliley Act) Federal Law that requires the destruction of discarded financial information. This legislation is aimed primarily at Banks, Financial Advisors, Tax Return Preparers, Debt Collectors And Real Estate Settlement Services.
